# TOUGH DONE SMARTER

The 2019 Ranger is here, it's tough, capable and ready to work. With a striking new design, formidable range of engines, and smarter state-of-the-art technology and safety, Ford Australia's most advanced pick-up just got even better.

### 3.2L Diesel Engine

Tried, tested and trusty. Boasting 147kW of power and 470Nm of torque, the 3.2L 5 cylinder diesel engine delivers all the power you'd expect, with incredible fuel efficiency.

### Bi-Turbo Engine

The epitome of tough done smart. Combining high grade alloy materials to ensure durability at higher temperatures, the two turbo chargers work together with the advanced 10-speed auto to allow for greater torque, better fuel economy and lower noise levels, with the reliability and robustness expected from a Ranger.

Notes

### Pre-Collision Assist with Pedestrian Detection<sup>6</sup>.

Combining camera and radar sensors the see the road ahead, this AEB system is designed to help detect and mitigate frontal collisions with vehicles and vulnerable road users like pedestrians and cyclists by automatically applying the brakes.

### Semi-Auto Active Park Assist<sup>8</sup>.

Not only will this system use ultrasonic sensors to help you find a suitable parallel park, it will steer you in automatically, while you focus on the accelerator and brake.

### Smart Keyless Entry & Push Button Start

Get in and out without taking your keys out of your pocket, coat or bag. When the intelligent access system detects your key, you can get going at the push of a button.

### Tailgate with Lift Assistance<sup>3</sup>.

You've got enough heavy lifting to do. Load your Ranger pick-up with greater ease, thanks to the Tailgate with Lift Assistance that now requires 70% less effort to close.

### SYNC<sup>®</sup>3 with Apple CarPlay & Android Auto<sup>4,7</sup>.

Use voice commands to locate your next worksite, make hands free phone calls and listen to text messages. Connect your compatible smartphone through Apple CarPlay, Android Auto or Applink<sup>®</sup> for hands-free control of your favourite apps.

### LED Lighting

Cool LED signature Daytime Running Lights help you see and be seen clearer than ever before. Ranger Wildtrak even comes with LED Fog Lamps which outperform halogen lights in both brightness and efficiency.

### 3.5 Tonne Towing<sup>1</sup>.

With up to 3,500kg braked towing capacity and 6,000kg gross combined mass in conjunction with Trailer Sway Control, you'll be able to handle big loads with confidence.

1. Excluding 4x2 XL Single Cab Chassis 2.2 Low Rider, which has a GCM of 5425kg, GVM of 2925kg, and Maximum Braked Towing Capacity of 2500kg. 2. Maximum braked towing capacity when fitted with a genuine Ford Tow Pack. Subject to State and Territory regulations. Further weight restrictions apply, please consult your authorised Ford Dealer and/or refer to the Owner's Manual for guidance. 3. Pick-up models only. 4. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC<sup>®</sup> does not control Apple CarPlay / Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink<sup>®</sup> is available on selected SYNC<sup>®</sup> models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 5. Bluetooth<sup>®</sup> is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. 6. Traffic Message Channel is currently provided through an arrangement with Intelmatics Australia Pty Ltd (Intelmatics). The ongoing provision of this feature cannot be guaranteed if Ford's arrangements with Intelmatics cease for any reason. 7. Not all SYNC<sup>®</sup> and SYNC<sup>®</sup>3 features are compatible with all phones. For compatibility, see [ford.com.au/sync](http://ford.com.au/sync). 8. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate in some driving and road conditions (including at certain speeds) or adverse weather. 9. Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off.
